

DAILY JOURNAL

IMPORTANT INFORMATION

- ☐ INCLUDE TASK ASSIGNMENTS OR MOVEMENTS, REFLECTION ON THE DAY'S NEW LEARNING, ACCOMPLISHMENT, CHALLENGES FACED AND HOW YOU RESPONDED, OBSERVATIONS AND RECOMMENDATIONS ON THE IMPROVEMENT OF SYSTEMS / OPERATION / MANAGEMENT, ETC.
- ☐ SCANNED COPIES OF THIS FORM SHALL BE SUBMITTED ON A WEEKLY BASIS THROUGH APPROVED LMS.
- ☐ HARD COPIES OF THIS FORM SHOULD BE COMPILED AS PART OF THE STUDENT'S PORTFOLIO.

DATE	May 11, 2026	AREA ASSIGNMENT	ITLMA Office
TASK	IT Support Services: System Setup, Re-imaging, and Employee Assistance	SHIFT/ TIME	8:00am-5:00pm

Today at AUMOVIO Autonomous Mobility Philippines Inc., we were trained on how to handle various IT support tasks, including setting up workstations and performing "re-ds" or re-imaging for laptops. We also learned how to properly assist employees who reach out to our team with different technical concerns or questions. This training taught me how to be efficient in preparing hardware and how to provide helpful solutions to keep everyone's workflow smooth. It was a great way to learn more about the technical side of the company while also practicing how to support my colleagues with their daily needs.

DATE	May 12, 2026	AREA ASSIGNMENT	ITLMA Office
TASK	Technical Hardware Deployment and Employee Helpdesk Support	SHIFT/ TIME	8:00am-6:00pm

Today at AUMOVIO Autonomous Mobility Philippines Inc., we underwent training focused on workstation deployment and responding to employee support requests. We practiced setting up laptops from scratch, including the "re-ds" process to ensure every device has the correct system image and configurations. Beyond the technical setup, we also focused on how to manage incoming concerns from staff members, learning how to address their IT issues quickly and professionally. This experience was really valuable because it showed me how technical maintenance and good customer service work together to keep the whole office running efficiently.

DATE	May 13, 2026	AREA ASSIGNMENT	ITLMA Office
TASK	Workstation Deployment, Data Migration, and IT Helpdesk Support	SHIFT/ TIME	8:00am-6:00pm

Today at AUMOVIO Autonomous Mobility Philippines Inc., we were trained on how to set up laptops, perform the "re-ds" system imaging process, and securely transfer essential files over to our admin account. We also focused on how to handle various incoming requests from employees who reach out to us with technical concerns. It was a very productive session because it combined hands-on hardware configuration with real-time problem-solving for our colleagues. This training helped me see how important it is to keep data backed up correctly while ensuring that everyone in the office gets the quick IT support they need to stay productive.

DATE	May 14, 2026	AREA ASSIGNMENT	ITLMA Office
TASK	Laptop Deployment, Re-imaging, and Employee Technical Assistance	SHIFT/ TIME	8:00am-6:00pm

Today at AUMOVIO Autonomous Mobility Philippines Inc., we were trained on how to set up user workstations and perform the "re-ds" process to apply the correct system images to the laptops. A big part of the training also focused on how to properly handle technical issues and guide employees who reach out to our team for help. It was a great session because it taught me how to prepare the hardware efficiently and how to communicate clearly when troubleshooting problems for others. This experience helped me understand how our team keeps the office running smoothly by making sure everyone's computers are working perfectly.

DATE	May 15, 2026	AREA ASSIGNMENT	ITLMA Office
TASK	System Provisioning, Asset Re-imaging, and IT User Support	SHIFT/ TIME	8:00am-6:00pm

Today at AUMOVIO Autonomous Mobility Philippines Inc., we went through a comprehensive training session covering laptop deployment, the "re-ds" re-imaging workflow, and secure file migration into our admin account. We practiced preparing the laptops with the right system settings, backing up important user data safely, and managing technical support requests from employees who need assistance. It was a great practical experience because it allowed us to work directly with the hardware while learning how to address user problems effectively. This training gave me a much better grasp of how we maintain overall system security while keeping the entire team's workstations functional and organized.
